

Chinook – Forum Minutes

February 18, 2015

Present: 2 Staff and 6 members

Icebreaker: Birthday cake and singing for February b-days!

Announcements: 18th the Denver Art Museum sign up will be in the book. BIG Thank you to Jessica for her COSTCO shopping – it is much appreciated.

Old Business:

- Reviewed the 2/16 start of asking people to sign in to the building.
- Thumb drives have arrived and Chinook members and clients working with Employment Team may have one and we can store them here for people using them in the COS or working with staff. We would like to remove the current folders on the NAS and that way keep members information private and safe.
- Diane F will be volunteering Monday, Wednesday, and Friday each week.

New Business:

- More seating in the front of the building???
- Suggestion to move the patio garbage/recycling to either the south or west side of patio as it is blocking the view to the fountain and the garden.
- Art – recommendation from Forum is that we have both client art for display and for sale in the building.
- Social Enterprise Idea – design and make occasion cards with original art and photography. Then display in racks (like Lone Tree) and can sell at the Snack Bar. Could possibly use those funds for more art supplies, community art scholarships etc.
- Request for pottery classes to the Wellness Team. Also maybe a “cartoon” class – these cartoons could be then put in the Chinook Wind Times or even could be part of the cards we make.
- Request for some kind of list of Teams in the building – and keep it updated since we know this has changed over the months. Also some people would like the names of the supervisors or managers/directors of those programs. Maybe even an updated building map, org chart or directory of some kind.
